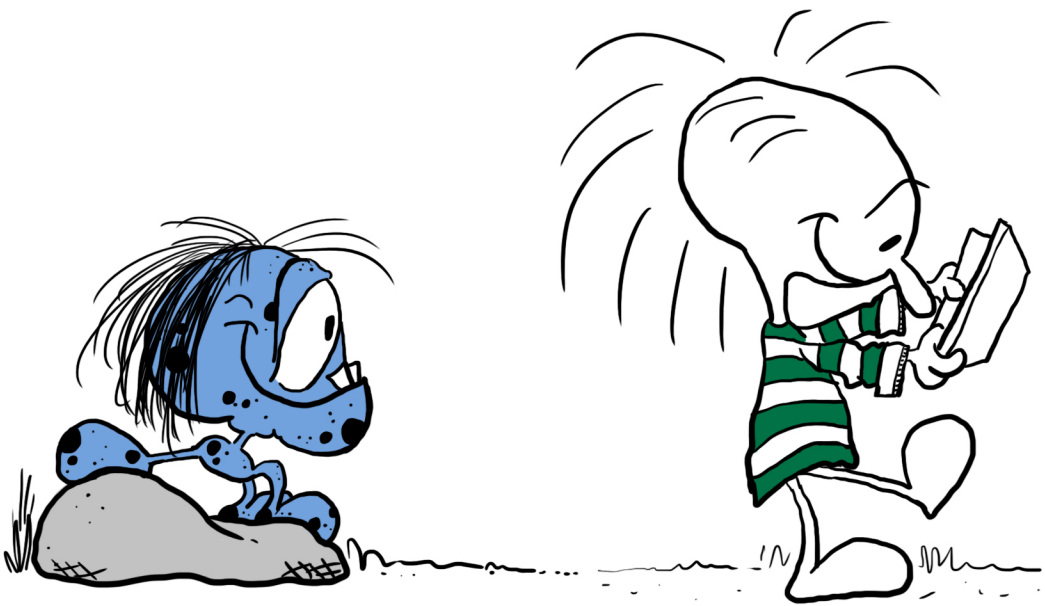
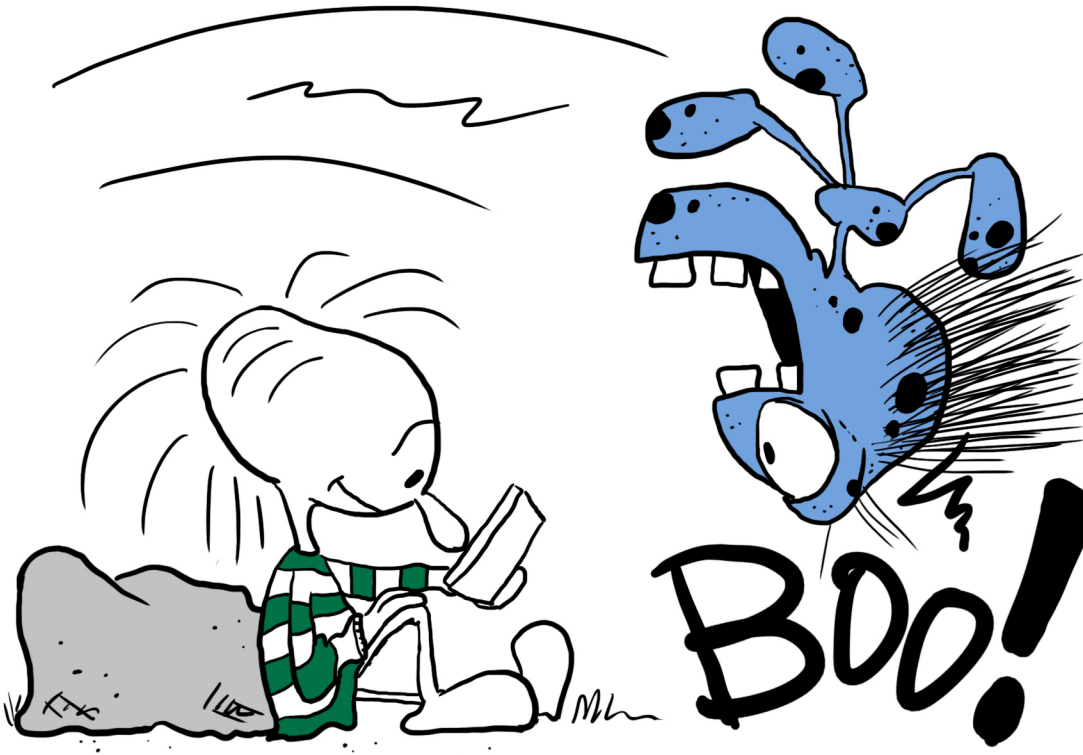
This is Blorb.
He knows how to morph and change color.
He wants to scare his friend Baggy Shirt Guy
in one way or another.

They go through this silly tradition
at this time every year.
One reads intently while the other
makes scare plans that are quite clear.

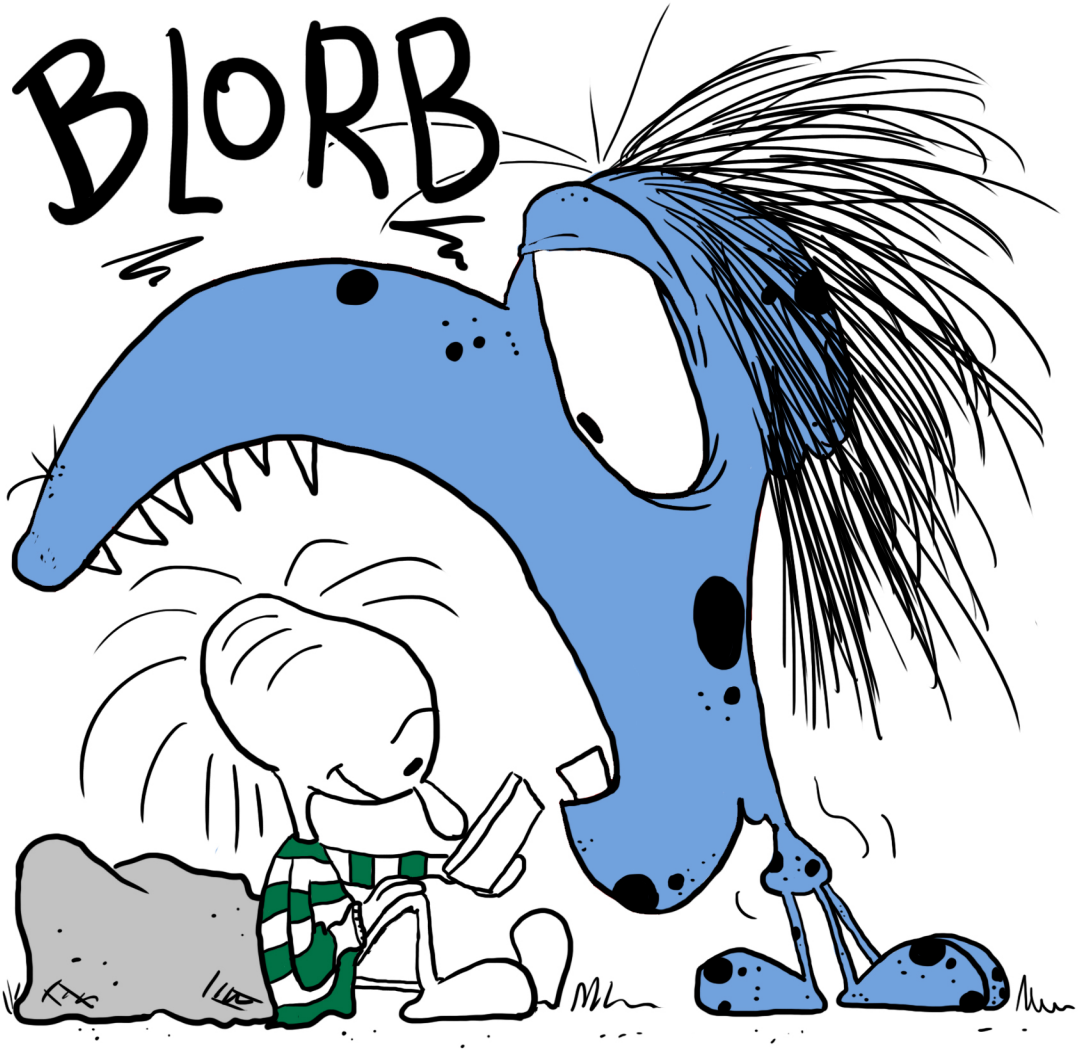


Blorb decided to start off simple.
Simple as the color blue.
Jump out suddenly in front of him
and give him a real loud “BOO!”.

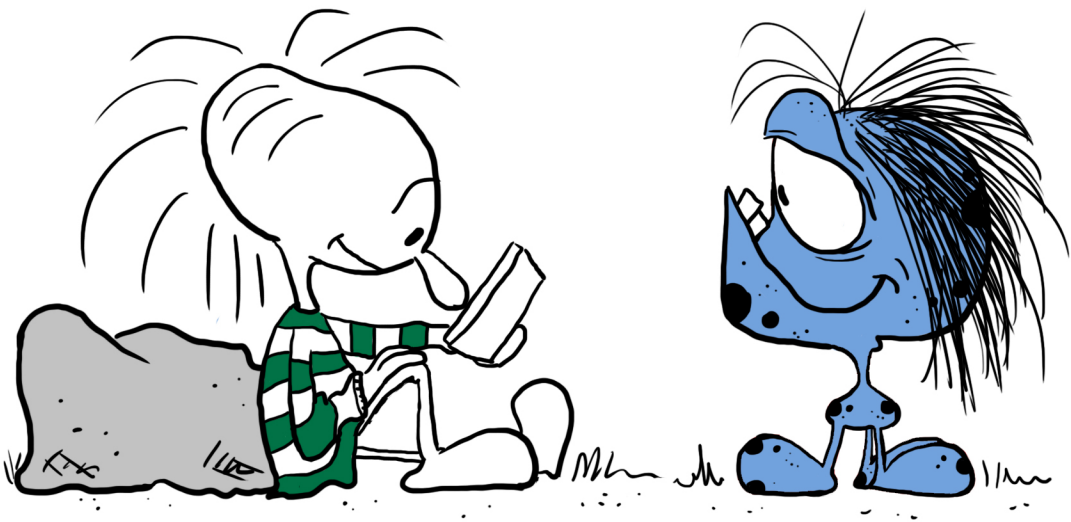


Blorb feels that this is his year
to finally scare his friend.
His roar is pure poetry
and his task will soon have an end.

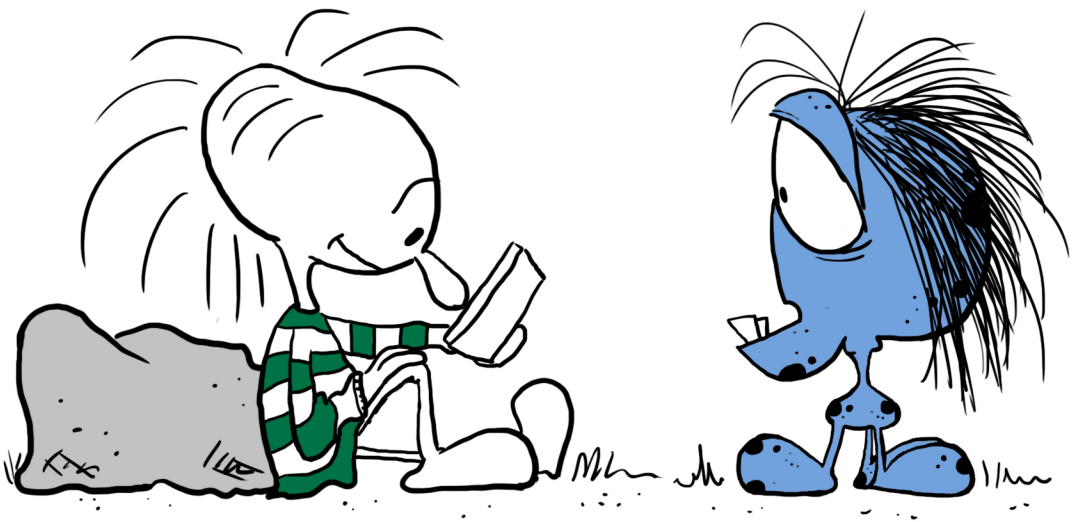
aROOOOOO

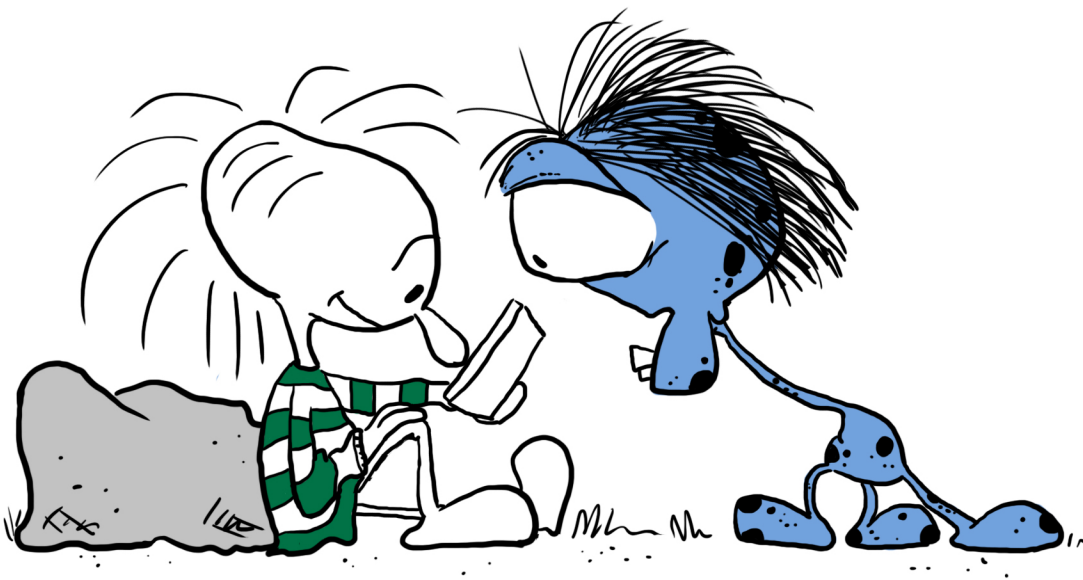


BLORB



Not a reaction was heard.
Not a twitch or a sound.
Baggy Shirt Guy just kept on reading
as he sat on the ground.





Nothing... nothing at all, thought Blorb.
Aware of his own puzzled look.
That must be most definately
with ninety nine percent probability
quite a good book.
